

INTERVIEW BOOSTER

OBJECTIVE

The Interview Booster Assessment helps students understand the right approach for answering interview questions and about the typical mistakes and pitfalls made in an interview. This analysis helps them understand how to structure the content and present it well to crack an interview. The assessment evaluates the candidate on the following parameters and provides an individual performance score for all of them.

Personality

Preparedness

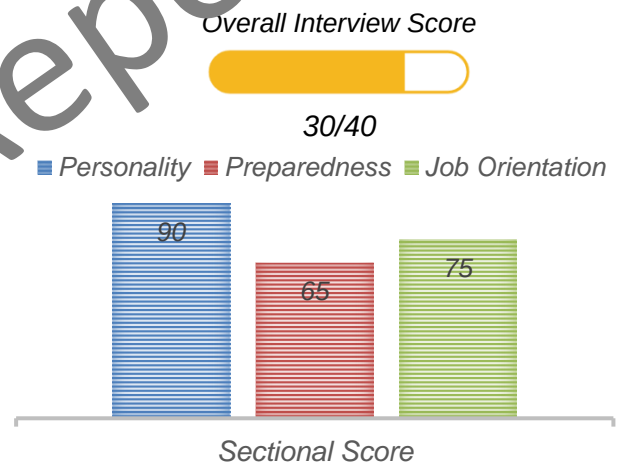

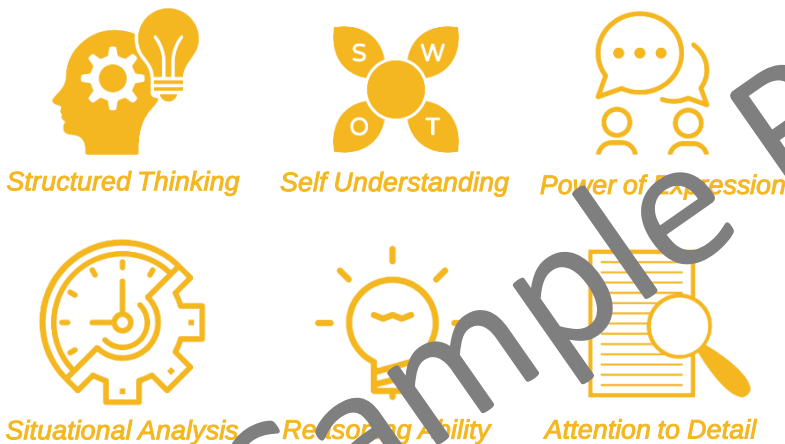

Job Orientation

UTILITY

- Understand right approach to answer questions
- Understand the mistakes not to make in an interview
- Develop content structuring & presentation skills
- Understand the areas you need to improve

PARAMETERS OF EVALUATION
